After entering save and the screen doesn't report errors, then your KYC process stands completed.

Note

1. In case the KYC details input by you is not getting saved on the RPFC portal on account of error, then there might be a discrepancy in the spelling of your name or discrepancy in your date of birth in IT PAN and/or Aadhaar database. Please recheck if you input data correctly and if it was incorrectly input then you can re-input with the correct details & do the “Save”.
2. If you still encounter the error, it is critical that you address the discrepancy issue with the respective authorities (i.e Income Tax for IT PAN & Aadhaar authority for Aadhaar) for rectification. This is to avoid any future issues.
